

## SUBMISSION GUIDELINES

### 1. Idea Presentation

Teams must submit the Idea PPT using the provided template, clearly outlining the problem, proposed solution, system architecture, and key features.

### 2. Source Code Repository

A public GitHub repository link must be submitted, containing the source code along with a clear README file explaining the project setup, workflow, and usage.

### 3. Demo Video (Mandatory)

Teams must submit a demo video (**maximum 4 minutes**) that:

- Explains at least 30% of the implemented features
- Provides a complete walkthrough of the overall solution
- Clearly demonstrates functionality and system flow. The video may be hosted on YouTube or OneDrive with view access enabled.

### 4. Prototype / Simulation Requirements

- For web-based solutions, a live prototype or deployment link is optional but recommended.
- For AIoT / hardware-based problem statements, a Wokwi simulation link is mandatory for Phase 1 and must be explained in the demo video.

### 5. Hardware Procurement Policy

Teams are not required to purchase physical hardware before the shortlisted announcement. Hardware may be procured only after teams are officially shortlisted.

**REGISTRATION FEE: Rs. 590/- (including GST)**

**TEAM SIZE: 2-4**

Kindly, Submit your work/project in the below link:

<!---- link will be attached soon —!>

**Note:**

- Only **Team Leaders** are permitted to make submissions.
- Each team is allowed **one valid submission only**.
- Multiple submissions will result in **disqualification of the team**.
